

# City of Wilmington Fire Stations

## **Station 1 - Headquarters**

801 Market Street  
Wilmington, NC

Headquarters for Wilmington Fire Department was recently relocated to its new facility at 801 Market Street.

Wilmington is proud of the department's "*Class Two*" nationwide rating which reflects both superior equipment and manpower.

## **Station 2**

3403 Park Avenue  
Wilmington, NC

Station 2 currently houses Engine Two, Auxillary Two, Squad Two and shares with EMS 33. It was built in 1965 adjacent to Empie Park. It gave the station good access to the up and coming growth of the time. It incorporates two bays, lounge, shower rooms, a set of dorm rooms for sleeping and kitchen and dinning rooms.

New Hanover Regional Medical Center currently has EMS Unit 33 responding from this location.

## **Station 3**

3933 Princess Place Drive  
Wilmington, NC

Currently one of the city's busiest stations, this stations engine company responds to many residential, industrial and commercial occupancies, including Screen Gems Studios, home of WB's "Dawson's Creek".

The firehouse is located on Princess Place drive at Barclay Hills and also responds Downtown with Engine One at Fire headquarters, Engine Two at Empie Park, and Engine Eight On Eastwood Road.

## **Station 4**

310 Wallace Avenue  
Wilmington, NC

This fire station was built in 1985 and is home to Engine 4 Company and Auxilary 4. This station is located at 310 S. Wallace Ave next to the City Municipal Golf Course. Engine 4 covers an area of about 9 square miles and averages 80 plus fire/rescue alarms a month.

All personnel are North Carolina Certified level II Firefighters and Medical Responders assisting EMS throughout the City.

## **Station 5**

310 Wellington Avenue  
Wilmington, NC

**Station 6**

3939 Carolina Beach Road  
Wilmington, NC

Fire Station 6, located at 3939 Carolina Beach Road, covers the southwest portion of Wilmington. The territory ranges from residential homes, apartments, commercial buildings, shopping centers, office complexes, the hospital and medical buildings, to ships, piers and oil terminals on the Cape Fear River.

In addition to being staffed by the crew of Engine 6, Station 6 serves as storage for reserve fire trucks, pumpers, secondary HazMat or foam trucks and rapid response trucks. Also this station is equipped with its own 80Kw generator in the event of power outages from events such as hurricanes thus allowing the crew to function in adverse conditions.

**Station 7**

3230 South College Road  
Wilmington, NC

Located in Pine Valley area of Wilmington Station Seven is of a new design and currently houses Engine 7 Company. Engine 11 Company also resides at this location until Station 11 is constructed next year.

The Haz-Mat Team calls this station home as RRT-2 responds from this location. Generally most of the personnel that is stationed here are team members or planning to join the team in the near future. The Team answers local and State Haz-Mat incidents for the Southeast area of North Carolina.

**Station 8**

601 Eastwood Road  
Wilmington, NC

This new three bay station houses Engine 8 Company, Squad 3 and is also home to the WFD's tactical rescue team.

This special team responds to high angle rescue operations as well as confined space and trench rescue incidents. For more information go to our "Special Teams" area. [>>click here<<](#)

Additionally all personnel is trained to First Responder Level, Firefighter II and HazMat operations level.

This newly designed station came online in October of 2000.

Fire Headquarters is located at 801 Market Street.

Fire Prevention, non-emergency calls and informational questions can be answered by calling 910-341-7846.

**Station 9**

1201 Military Cutoff Road  
Wilmington, NC

City of Wilmington Station 9 located at 1201 Military Cutoff Road was occupied on October 25, 2000.

This station houses one engine company with twelve firefighters assigned to three rotating shifts. It's primary response area includes Landfall, area of Military Cutoff/Eastwood Road intersection down to Wrightsville

Beach bridge and continues toward the area of Airlie Road to Wrightsville Avenue and Rogersville Road.

The station is conveniently located behind the county library on Military Cutoff Road and is a state-of-the-art station with all the necessities to house equipment and personnel and provide services in all types of emergencies.

Fire Headquarters is located at 801 Market Street.

Fire Prevention, non-emergency calls and informational questions can be answered by calling 910-341-7846.

**Station 10 @ Seagate / VFD**

6102 Oleander Drive  
Wilmington, NC

Station 10 is currently in the planning stages and scheduled to be constructed in 2003. This station will be of the same design as Station 8 and Station 9 and addressed at 6351 Greenville Loop Road.

Currently Engine 10 responds from Seagate VFD located at 6102 Oleander Drive. Seagate is under contract with the City of Wilmington to provide tankers for water supply in areas where the hydrants have not yet been installed. Zone 10 was created due to the city annexation phase 2.
